

## Soberin' Up

Ray Scott

Baby, baby  
I'm thinking something's up with you  
'Cause you know here lately  
There ain't feeling like the honeymoon  
Can't put my finger  
Where we started heading south  
But what I prayed would never happen, baby  
It's looking like a sure thing now, no

'Cause we're at long, long way from where we used to be  
When it was all night long and you got holding me  
You used to be so drunk on my love  
Baby, are you soberin' up?

So tell me, baby  
Did you find you another drink?  
How did you take that first sip, baby  
And then just poured me down the sink  
Are you still with me?  
Do you still miss me when I'm gone?  
Oh, you know I need you to convince me, baby  
That old buzz ain't wearing off, no

'Cause we're at long, long way from where we used to be  
When it was all night long and you got holding me  
You used to be so drunk on my love  
Oh baby, are you soberin' up?

You used to be so drunk on my love (oh yeah, you did)  
Baby, are you soberin' up?  
Baby, are you soberin' up?

Oh, tell me babe
