

# Devil May Care

Ray Stevens

Devil may care  
That's my attitude they say  
When I carry on this way  
Like I never cared for you

Devil may care (Devil may care)  
Though my acting is the worst  
But when my bubble dreams all burst  
Then whatever will I do?  
Woah-oh, I wanna know

Who do I think I'm foolin'  
When I wear this crazy disguise?  
How can I go on laughin'  
When a tear dims this gleam in my eye?

That they got devil may care  
How can I just grin and bear  
And just say the Devil may care?  
When my angel doesn't love me? (Devil may care)  
Devil may care, woah-oh, oh-oh

Devil may care (Devil may care)  
How can I just grin and bear? Yeah, yeah  
And just say the Devil may care  
When my angel doesn't love me? (Devil may care)  
Devil may care, woah-oh, oh-oh (Devil may care)

Devil may care, woah-oh, oh-oh (Devil may care)
