

Till I Get It Right

Ray Stevens

I'll just keep on fallin' in love 'til I get it right
Right now I'm like a wounded bird hungry for the sky
But if I spread my wings and try long enough, oh I'm bound to l
earn to fly
So I'll just keep on fallin' in love 'til I get it right

My door to love has opened out more times than in
And I'm either fool or wise enough to open it again
But I'll never know what's beyond that mountain 'til I reach th
e other side
So I'll just keep on fallin' in love 'til I get it right

If practice makes perfect, well then I'm bout as perfect as I'l
l ever be in my life
So I'll just keep on fallin' in love 'til I get it right
