

Walking In Circles

Ray Toro

Lovers dance through the trees.
Sparkling like atom beams.
A calm wind blows.
Cool as snow.

Holding hands.
Lift up my sunken heart.
You fill all the missing parts.
Like no one I've known.

Without you
I'm walking in circles.
Say I do.
I'll walk in circles
Together with you.

Love is a mystery.
Finally found the key.
To a safe place.
Warm embrace.

Ring in hand.
Open your heart to me.
Darling a kiss for me.
Lets stop the world.

Without you
I'm walking in circles.
Say I do.
I'll walk in circles...
Together with you...
