

Left On Delivered

Ray Vaughn

Yeah
Ray Vaughn
Listen to me
(Chris, can you play that beat again?)

Look, you out here flexin' for the 'Gram like you don't need a man
And left me on delivered, like don't open for the pizza man (Do
n't open for the pizza man)
Knew this from the jump that I was fucked liked Lisa Ann (Lisa
Ann)
If I ever needed anything, it'd probably be a chance
I used to see the fire in your eyes, we were a perfect match
Still you had me jumpin' through your loops, that's a circus ac
t (That's a circus act)
Goin' to these places where your phone don't get service at?
And then it dies on you? That's the reason you ain't text me ba
ck?
I get it now (I get it now), that's probably why I'm so upset (Yeah)
Should've knew you was gon' cheat like you ain't study for a te
st (Study for a test)
Memories in my head playin' back like an old cassette
Been with all of the patches, girl, something just don't connec
t, damn
Why you actin' like we never had love? (Never had love)
I ain't happy that you gone, but I still got mad love (I still
got mad love)
You still got a hold on me, no matter what our past was
Like they cleaned the streets of Compton, you know ain't no bad
blood, ah
I'm satisfied with the barber, 'cause I ain't want a fade (I ai
n't want a fade)
You turned your back on a person that you ain't wanna faze (You
ain't wanna faze)
We had a seed that we planted, instead, you ask for space
Love is transportation, 'cause it took me to another place (To
another place)
It was supposed to be me and you until the end of time (End of
time)
But now it feel like God sent you just to test my mind (Test my
mind)
Used to tell me don't worry, 'cause everything is fine (Everyth
ing is fine)
Book of Revelation, I feel like I got left behind (Damn)

You don't know what you did to me on the inside
And now my heart is in the same freezer that Kenneka died (That

Kenneka died)

Fed up with your bullshit, all you ever did was feed me lies (Feed me lies)

Focusin' on you, but myself is who I need to find

Left on delivered (Yeah), yeah

Left on delivered

It don't matter what I was to you

'Cause I was one hell of a nigga (One hell of a nigga, yeah)

I was one hell of a nigga (One hell of a nigga, yeah, yeah)

But I got left on delivered (Left on delivered, yeah, yeah)

Left on delivered (Left on delivered, yeah, yeah, yeah, yeah, yeah)

(Chris, can you play that beat again?)
