Most nights the club owner didn't even know how many of 'em wou
ld show up
So the sign in the window says: "Koerner and/or Ray and/or Glov
er" haha

Sometimes they'd just get loaded and go on stage
Do the blues, rags, and hollers
Wasn't doin' it for the dollars
They wasn't no clean-cut folk group
They's heavy into Lead Belly and Big Joe Williams
They would rip the Kingston Trio to shreds
Spider, Snaker, Little Sun
They looked like sinister low-key criminals
