

Flip A Switch.

RAYE

Can't just let your guard down and fall for someone anymore
That's what stupid girls do
Yeah, I been a stupid girl

Four days away in his arms I invest
He won't take my heart
But he'll take off my dress
Excuses rehearsed
I am blue, I am red
Fuck looking for love
I'ma stay doing what us bitches do best

Flip a switch on a prick, then I
Come alive in the night time
In the club, sipping Hennessy
And tell him I'm dead if he callin' me

Flip a switch on a prick and I'm
A very sound bitch till you cross that line
Black heels, black shades, that my energy
Tell him I'm dead if he callin' me

You're a very silly man
Block, block, mute chat
New addy in the sat
New dicks on tap
Got a best case worst case plan of attack
Got bitches
If they see you in the street, you're getting slapped

Don't threaten me or talk to me ever like that
I got bruddas in the ends that would pull up right now
You don't even want to see the way I pull up right now
In my little black dress with my neck buss down
How I (Mmm, mmm)

Flip a switch on a prick, then I
Come alive in the night time
In the club, sipping Hennessy
And tell him I'm dead if he callin' me

Flip a switch on a prick and I'm
A very sound bitch till you cross that line
Black heels, black shades, that my energy
Tell him I'm dead if he callin' me

Bad bitch break hearts
All-black Patek watch
Swervin' through London, we got stars in the racecars
Diamonds look like Cape Cod
We attach the switch if they come and try to take ours
We got pretty bitch energy, that's why they hate us
Guns up for the real ones
Let that shit bust
Tell 'em they dead if they calling, I can't pick up
30 in the Birkin, it's a stickup

Climb to the tip, he wanna cuff it
It's a US ting, better hope it come fit
C-O-I, he said, "Coi Leray, you lit"
We in VIP, takin' shots with my bitch
We gone

Flip a switch on a prick, then I
Come alive in the night time
In the club, sipping Hennessy
And tell him I'm dead if he callin' me

Flip a switch on a prick and I'm
A very sound bitch till you cross that line
Black heels, black shades, that my energy
Tell him I'm dead if he callin' me

Only because
I was in love
I opened up
Now I'll open up to your best friend
Which one, bitch like me?
I just had to flip the switch on you

Flip a switch on a prick, then I
Come alive in the night time
In the club, sipping Hennessy
And tell him I'm dead if he callin' me

Flip a switch on a prick and I'm
A very sound bitch till you cross that line
Black heels, black shades, that my energy
Tell him I'm dead if he callin' me

Only because
I was in love
I opened up
Now I'll open up to your best friend
Which one, bitch like me?
I just had to flip the switch on you
