

Flowers

RAYE

'Round here we don't take that
I don't intend on getting sidetracked
Cause I'm satisfied the way I am
And I'm not sorry to embarrass you
You found your way now find your way back home
I think it's time to find the road Jack
I mean that in the nicest way I can
Cause there is nothing here I have for you

You don't wanna know how many little guys I have met like you
Please you're wasting your time
Get on with your night
Knowing what to do
Flowers for myself so I don't want them from you

The flowers never worked on me
The flowers never worked on me
No flowers never worked on me
Caught now you've seen it
And you better to believe me
The flowers never worked on me
There's nothing for you
The flowers never worked on me
No time for boys like you
Better stop now you've seen it
And you better to believe it

Now life enough is a tough fight
Said it enough I won't spare the time
For your pathetic little baby games
I'm sorry I don't wanna play
And I'm amazed that the palm stopped
Cause you persist like you need that hit
And all these flowers that you're buying me
Oh right that scarlet blue more mad at you

You don't wanna know how many little guys I have met like you
Please you're wasting your time
Get on with your night
Knowing what to do
Flowers for myself so I don't want them from you

The flowers never worked on me
The flowers never worked on me
No flowers never worked on me
Caught now you've seen it
And you better to believe me
The flowers never worked on me
There's nothing for you
The flowers never worked on me
No time for boys like you
Better stop now you've seen it
And you better to believe it

I don't care if they're in or out of season
There is never any reason
For you to try to win a heart with flowers

Oh no
Oh no
You think your thoughts are so special
But you bumped into me so intentional
And I don't buy it oh
You need to know I told you so now leave me alone

The flowers never worked on me
The flowers never worked on me
No flowers never worked on me
Caught now you've seen it
And you better to believe me
The flowers never worked on me
There's nothing for you
The flowers never worked on me
No time for boys like you
Better stop now you've seen it
And you better to believe it
