RAYE

Say you'll never let me down
How do I know?
When I met your ass about a month ago
No denyin' that you're cute
We click, I know
But I'm asking you if we can take it slow
Just a little bit, yeah

I'll get the cheque tonight, I don't like stereotypes, nah
And I'm not an instrument you gon' be playing alright, nah
You say I'm paranoid, I say I'm cautious
I made enough mistakes, baby, before this
Alright

So, baby, can we chill?
It's only early days, you know
And I ain't tryna say that I don't like you babe, I do
I love the way you dress, you kiss, you talk, the way you move
Just let me explain myself to you

Say you'll never let me down
How do I know?
When I met your ass about a month ago
No denyin' that you're cute
We click, I know
But I'm asking you if we can take it slow
Just a little bit slower, slower, slower, slower
Just a little bit slower, slower, slower, slower
Just a little bit slower, slower, slower, slower
Just a little bit, just a little bit, just a little bit
Ah, yeah
Ah, yeah

I picked you up after work, then we went back to mine
Got faded
Put on a movie, you ordered an Indian
That's my favourite
Then you surprise me, 'cause baby you asked me to be your girlfriend
Woah, call my girls like, "woah"

Baby, can we chill?
It's only early days, you know
And I ain't tryna say that I don't like you babe, I do
I love the way you dress, you kiss, you talk, the way you move
Just let me explain myself to you

A, V
Get me look suspect
But we smell a success
Man dem they just wanna see you undress
But, girl, that's why I want more from ya
I need ya
If I'm comin' too strong, I'll leave ya
Alone, oh, you wanna be alone with me
Girl, I know, you know I'll pillowtalk you to sleep
Far from shallow, I'm in too deep

So you'll never let me down
How do I know?
When I met your ass about a month ago
No denyin' that you're cute
We quick, I know
But I'm asking you if we can take it slow
Just a little bit slower, slower, slower, slower (V)
Just a little bit slower, slower, slower, slower
Just a little bit slower, slower, slower, slower
Just a little bit, just a little bit, just a little bit
Ah, yeah
Ah, yeah
