

# The Line

RAYE

We been waiting in line to get into this club  
Like all night, all night  
We don't wanna go home so we take it outside  
Yeah, outside, outside

This tick like a broomstick  
With a clipboard tryna be uptight  
Over capacity, rubbin' us wrong  
But my girl better put her up right  
And we're all a bit fed up  
Half of us half way wasted  
In the queue gettin' right up  
In the queue gettin'

Oh yeah, we look like sickness  
Barely movin' inches  
Let's leave this line, the club will close  
We'll run you outta business  
What I do, what I do  
That's what I do

We been waiting in line to get into this club  
Like all night, all night  
We don't wanna go home so we take it outside  
Yeah, outside, outside  
We been waiting in line to get into this club  
Like all night, all night  
We don't wanna go home so we take it outside  
Yeah, outside, outside

1AM and it's freezin'  
Silly, all us girls got ours legs out  
None of us are havin' us a queue  
Ain't used to the heels are comin' off right now  
I think we're done bein' patient  
So nobody can tell us all to pipe down  
We're off cheap wine  
Does that add to your madness, outside your club, yeah

Yeah, we look like sickness  
Barely movin' inches  
Let's leave this line, the club will close  
We'll run you outta business  
What I do, what I do  
That's what I do
