

## Olivia

Rayland Baxter

Love is such a pretty thing  
But lately is been hard to find  
For I can taste it when the wind blows in  
And I can see it hiding on the mountain side

But I never thought it could be this bad  
I lost all the love I had  
So Olivia won't you let me in  
Yeah I'm in love again

And if I, if I was a wealthy man  
Don't you know I would spend all dimes on you  
And I held you, lover, in my giving hand  
Don't you know I would make it  
So all your dreams came true

Cuz I never thought it could be this bad  
And I lost all the love I had  
So Olivia won't you let me in  
Yeah I'm in love again

But how could you be so far away from me  
Why did you leave me all alone  
What can I do to make you love me too  
So I wrote a song for you  
But I'm still alone  
I'm all alone

Yeah I remember when everything was gold  
Yeah I remember cuz doll I was sleeping with you  
But if I could do it all again  
Don't you know I would never, never ever run around on you

Cuz I never thought it could be this bad  
Yeah and I lost all the love I had  
So Olivia won't you let me in  
Yeah I'm in love again

Oh Olivia, lover won't you be my friend  
Yeah I'm in love again
