

Rubberband Man

Rayland Baxter

(Yeah, right)

I never thought she was cool till the other night
Fuckin' up like a fool wearing all white

If you wanna see the elephant and I at the waterfall, you should call me (yeah, right)
That'll make me feel good, make me feel good, make me feel good

Rubber band man, rubber band man, rubber band man
I'm the man with the plan, made a rubber band (oh hey, man)
Catch me if you can (I'm gonna do it)

Get it all the way in the cornfield, man it was great
I never thought I was supposed to be loved that way (yeah)

I had a dream she was in my bed, runnin' her thing all over my head
And it made me feel good, made me feel good, made me feel, oh

Rubber band man, rubber band man, rubber band man
I'm the man with the plan, made a rubber band (oh hey, man)

(I wanna love)

Rubber band man, rubber band man, rubber band man
I'm the man with the plan, made a rubber band (oh hey, man)
Catch me if you can

I found a crystal in her eye
And a tattoo of a pistol on her thigh

(I wanna)
(I wanna love)

I'm the man with the plan, made a rubber band (oh hey, man)
