## Rayven Justice

Uh  
I got this uh  
This demo I wrote for you  
If you could uh  
Give it a listen and let me know what you think  
Aight?

Beverly  
If you're down  
I'll be with you until the sun comes up, yeah  
So just come inside  
And put that  
On me, on me, on me, yeah

I want you and all ten toes, yeah  
They got you running round my mental, yeah  
Something bout you so special, yeah  
Got my heart at racing tempo, yeah

And if you are  
Down for me  
Push that on me  
Beverly and sing

I just want you  
You want me too  
I just want you  
Up in my room

Beverly  
If you're down  
I'll be with you until the sun comes up, yeah  
So just come inside  
And put that  
On me, on me, on me, yeah

I'm done waiting  
I'm impatient  
But don't worry  
I ain't in no hurry, no no  
I need your body  
Want you to ride me  
Can't wait to feel you on top of me, baby  
Round after round  
Baby give me some more  
Don't run away from me  
What you doing that for  
Yeah, yeah

Beverly  
If you're down  
I'll be with you until the sun comes up, yeah  
So just come inside  
And put that  
On me, on me, on me, yeah

Your man I might be now, boo

Iced-T when you go down, smooth  
I like you and you like me, too  
Cuz goddammit you're wifey cool, yeah

And if you are  
Down for me  
Push that on me  
Beverly and sing

I just want you  
You want me too
