

I been drinkin' so much, I forgot your name (yeah, yeah)
I ain't lookin' for love, I just like your frame (yeah, yeah)

Know I just me ya, and it might sound rude
But baby bring your friend, cause I'd rather have her
I been drinkin'
Girl don't act brand new, so that you be pocket watching
And I got racks for you, got racks for you

After these shots I got plans for you
My baby mama just might be you, yeah

I been drinkin' so much, I forgot your name (yeah, yeah)
I ain't lookin' for love, I just like your frame (yeah, yeah)

Ain't lookin' for no wife, this only for one night
You can be my side chick, if you keep actin' right
Girl don't act brand new, like they sayin' what you do
So that you be pocket watchin'
And I got racks for you, got racks for you

After these shots I got plans for you
My baby mama just might be you, yeah

I been drinkin' so much, I forgot your name (yeah, yeah)
I ain't lookin' for love, I just like your frame (yeah, yeah)

It goes eenie meenie miney, I like circles around it
I creep, but won't eat, Imagine me behind it
I'm a freak like Adina off [?]
Heavy lickin' like "Come here Tish, oops I mean"
Nigga I forgot her name, cause I been drinkin'
Yeah that watermelon really got me thinkin'
In the club with a gang of Beyonce's
Off this ring I might make you my fiancée

After these shots I got plans for you
My baby mama just might be you, yeah

I been drinkin' so much, I forgot your name (yeah, yeah)
I ain't lookin' for love, I just like your frame (yeah, yeah)
