

## Pull Up

Rayven Justice

We ain't got much time (no)  
My girl gone be here in a minute (in a minute)  
But I know what we gone what we gone do  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)

Even if my bitch pull up  
I know it sound ridiculous (I know it sound ridiculous)  
It's feeling so good but it's 'bout to get serious ('bout to get serious)  
I think I'm losing my mind (my mind)  
I'm so caught up in your vibe (your vibe)  
While I hit it from behind  
My bitch 'bout to be tripping

We ain't got much time (no)  
My girl gone be here in a minute (in a minute)  
But I know what we gone what we gone do  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)

What you know about?  
My pics or holding hands when we going out  
I got bands I'mma throw 'em out  
You see my hair getting long I'mma grow 'em out  
Let me switch it up  
I can never ever let the rumours get to us  
And them bitches their conversations can't get to us  
Cause if it get back to my girl bet her feelings get crushed  
Gotta put they phone down when their dealing with us  
Gotta leave them coons alone there's a million of them  
But I can't blame y'all if I wasn't me I would copy  
She anxious to get it popping  
But Franklin is in my wallet, come on

We ain't got much time (Let's get it)  
My girl gone be here in a minute (in a minute)  
But I know what we gone what we gone do  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)

When I'm in the bath with you  
Make me wanna break the [?] with you  
Up and down you go  
Slide right down the pole  
You know I can't leave ya alone

So why won't you come to my home?  
My girl coming home soon  
Damn girl, I'll better told you  
You can come around like that  
I fuck around and pipe your ass  
You stretch your time and miss her calls  
Your ass up, hands against the wall

We ain't got much time (no no)  
My girl gone be here in a minute (in a minute)  
But I know what we gone what we gone do (do yeah, do yeah)  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)  
Even if my bitch pull up (pull up)  
I won't pull out  
(I won't pull out)
