

Control

Razed in Black

She's mass destruction
Forces induction
No repercussions
She's got to have one

Through repetition
Brings joy by friction
She never wanted
She never wanted

She rules desire
By force of fire
This violent mind
This violent mind

No conversation
Just pure deception
Pure lust defined
Pure lust defined

Sharp execution
Extreme exertion
Never exhaustion
Just pure addition

No confrontation
No blank permission
She can't control
She can't control

Her exhibition
Raw as it could be
Her deprivation
I never could believe

This malediction
No where to run
The painful truth is that
It exists in everyone

Can't find the escape
Search for the outbreak
No way to terminate
No way to terminate

Too overwhelming
Too overpowering
Desecrate, violate
Excruciate, dominate
