Control

Razed in Black

She's mass destruction Forces induction No repercussions She's got to have one

Through repetition
Brings joy by friction
She never wanted
She never wanted

She rules desire By force of fire This violent mind This violent mind

No conversation
Just pure deception
Pure lust defined
Pure lust defined

Sharp execution Extreme exertion Never exhaustion Just pure addition

No confrontation No blank permission She can't control She can't control

Her exhibition
Raw as it could be
Her deprivation
I never could believe

This malediction
No where to run
The painful truth is that
It exists in everyone

Can't find the escape Search for the outbreak No way to terminate No way to terminate

Too overwhelming
Too overpowering
Desecrate, violate
Excruciate, dominate
