

Heavy Metal Attack

Razor

Something deep inside of me is trying to get loose
I feel the pain, feel it burn, feel the self abuse
I find the need to crank it up I can't control the urge
Feel it rip, feel it tear, feel the power surge

I'm under
A heavy metal attack
Loud thunder
A heavy metal attack
I just can't stop, there's no holding back
You're under
A heavy metal attack

Iron chains surround my brain, tensing to break free
See the leather, feel the spikes, metal fantasy
Got to bring the hammer down, shatter time and space
Love to feel the beads of sweat breakout on my face
