Liar

You think I don't see you standing there You think I don't hear you, I don't care You think you are my friend, that's not the case 'cause nothing bugs me more, than your face

Liar: a turncoat, a welcher, a thief Liar: you're gutless and empty in between Liar: no backbone, no trust 'cause you breach Liar: revenge as I smash in your teeth

You think I've got the time, talk to you You think I give a shit what you do You think that I don't mind sharing my space But nothing bugs me more, than your face

You think that you can hang out with the band You think you'll squeeze right in, can't be a fan You think you are my friend, that's not the case 'cause nothing bugs me more, than your face
