**Razorlight**

It's the ocean
It's not the ocean
It is the ocean
No it's not
Yes it is
What is the ocean?

It's the ocean
It's not the ocean
It is the ocean
No it's not
Yes it is
Is it the ocean?

Got my nose pressed to the glass
Things are happening so fast
I've got my mind on what I want
Making plans for what I don't

I'm thinking of a city in New York
But New York is a city
New York is the city
No, but I'm thinking of a city in the state of New York

Uh, are you thinking of, is Albany a city in the state of New York?
Yeah, but my one starts with a 'T'
Ok, he's thinking of a city in Albany, that starts with a 'T'
No!

Got my nose pressed to the glass
Things are happening so fast
Making plans for what I want
I got my mind on what I don't

Allright, we're gonna open the middle door and the back door
This time, we're at the front of the train, it's the two front doors
Ah, this time it's business class and somewhere, somewhere in the middle
Just look for a conductor

Empire Service

Got my nose pressed to the glass
Things are happening so fast
Keeping track of what I want
I got my mind on what I don't

It's the ocean
It's not the ocean
It is the ocean
No it's not
Yes it is
What is the ocean?

It's the ocean
It's not the ocean

It is the ocean

```
No it's not
Yes it is
```
