I'm down-folded on this roller coaster they call life Keep trying to make it through the next turn, knuckles white and holdin' tight

So here I go, (So here I go)
I'm takin' a curve
but I know that I'm never alone
I think of you, until you never let me go

I feel connected, protected
It's like you're sitting right with me all the time
You hear me, you're near me,
And everything else's gonna be alright

'Cause nothin' can break this Nothin' can break this Nothin' can break this time Connected Connected inside

It's not an accident, the time we spent apart But now we're so close I can always find you right here in my heart

You given me somethin' I need And I don't ever want it to end Because of you, I know I found my strength again

I feel connected, protected
It's like you're sitting right with me all the time
You hear me, you're near me,
And everything else's gonna be alright

'Cause nothin' can break this Nothin' can break this Nothin' can break this time Connected Connected inside

Everytime that I breathe,
I can feel the energy
Preachin' out, flowin' through
You to me and me to you
Make your dream
Walk or stand
You are everywhere I am
Seperate souls
You to find
... in my mind

You given me somethin' I need And I don't ever want it to end Because of you, I know I found my strength again

I feel connected, protected
It's like you're sitting right with me all the time
You hear me, you're near me,

And everything else's gonna be alright

Connected, protected
It's like you're sitting right with me all the time
You hear me, you're near me,
And everything else's gonna be alright

'Cause nothin' can break this Nothin' can break this Nothin' can break this time Connected
