Save Me

RBD

Every now and then I get so sad
Cause I miss you since you left me
I'm so disconnected from my life
Sometimes I can't stand the morning light
Cause I miss you since you left me
I'm just a reflection of your heart

In the middle of this night
I want you back
I really need ya...

[Chorus:]
(Give me love, give me shelter) Save my soul from this loneline
ss
(Give me love, give me shelter) Save me now cause I'm falling d
own
(Give me love, give me shelter) Save my life from this emptines
s
(Give me love, give me shelter) Save me now, cause I'm falling
down

There's a lot of things behind my smile
Cause I miss you since you left me
Every day I'm trying to survive
Sometimes I can't stand the morning light
Cause I miss you since you left me
I'm just a reflection of your heart

In the middle of this night
I want you back
I really need ya..

[Chorus: 2x]
(Give me love, give me shelter) Save my soul from this loneline
ss
(Give me love, give me shelter) Save me now cause I'm falling d
own
(Give me love, give me shelter) Save my life from this emptines
s
(Give me love, give me shelter) Save me now, cause I'm falling
down
