RBL Posse

This Black Chris and Mr. Cee from RBL Posse  
And this tape is dedicated to all the fallen soldiers  
You might hear drugs and violence on this tape  
But don't let it influence you  
So peep game

To survive the difficulties of these ghetto circumstances  
We must motivate and respect each other  
Because the system is causing considerable damage to the Black  
man  
We need God for confidence, protection, and direction  
The positive individual is accepted  
And the negative individual is totally unaccepted  
So come with that acceptable attitude, my brother  
Living in this ghetto environment is a challenge every day  
So we must organize to survive  
The system is out to manipulate you and me  
And we better recognize it, because they want us as prisoners  
The brothers must organize and respect the next man  
Use knowledge and experience to recognize the negative activiti  
es  
That's causing total destruction in our communities  
Living and surviving under these unfortunate circumstances  
And being Black is difficult  
But we have the ability to survive if we organize something pos  
itive  
And cooperate with each other  
We can elevate above the obstacles but we must take a stand and  
be strong
