

Before You Go

Rea Garvey

She finds herself tired
Beaten and worn
Curse of a life that
Nobody wants
She picks herself up
And makes herself strong
She won't be defeated
She won't come undone

And we all fall to pieces
And we all tumble down
Strength to those who no lives worth livin'
Taking it one step at a time
One step at a time

Before you go
Before you go
Embrace every life
Embrace every step
Embrace every grasp and every breath
And take every chance that life has to give
Live life to the full for
As long as you live

Leave no stone unturned
No doubt in your mind
Be true to yourself and those by your side
Stand up tall and be proud
Knowing you had it all
Knowing you had it all

Before you go oho
Before you go oho
Knowing you had it all
Before you go oho
Before you go oho

She finds herself tired
Beaten and worn
Curse of a life that
Nobody wants
She picks herself up
And makes herself strong
She won't be defeated
She won't come undone

And we all fall to pieces
And we all tumble down
Strength to those who no lives worth livin'
Taking it one step at a time
One step at a time

Before you go
Before you go
Knowing you had it all
Knowing you had it all
