

# Fire

Rea Garvey

You can't put our wild free  
You don't know if you are happy or high  
Licking your wounds after your last night  
Lipstick black shadows for your green eyes

You stand apart from the audience  
Clap clap make me laugh  
Clap clap breaking their rules  
You taking your turn on the podium  
The crowd takes a bow  
To nobodies fool

Fire fire fire  
Fire fire fire  
We are who we are  
We're hearts on fire  
Fire fire fire  
Fire fire fire  
We are who we are  
We're hearts on fire

You know that you easily bruise  
But if you don't fight you know that you'll loose  
Yeah each mistake is a risk you take  
Turn right, turn left  
What you give's what you get

You're out of your league  
You're out of your mind  
Club lights are leaving you blind  
You loosening your grip  
You've love on your lips  
You just need to click your fingertips

Fire fire fire  
Fire fire fire  
We are who we are  
We're hearts on fire  
Fire fire fire  
Fire fire fire  
We are who we are  
We're hearts on fire

Your crazy life  
Don't change with time  
You are who you are  
You're hearts on fire

Your crazy life  
Don't change with time  
You are who you are  
You're hearts on fire

Fire fire fire  
Fire fire fire  
We are who we are  
We're hearts on fire

Your crazy life  
Don't change with time  
You are who you are  
You're hearts on fire
