

# Free Like The Ocean

Rea Garvey

I like the way you breathe  
Yeah you look good on me  
I give you everything  
Without the guarantees

Sometimes I want to lie  
Then you make me crack  
Hold my face  
And say I made you laugh

I feel like I'm a part of something  
That's gonna last for the rest of my life  
I'm coming out of the darkness running  
I'm stumbling into the light

You're free like the ocean  
You're deep like the sea  
You're wild like a river  
Running through me

She said  
Hold me closer  
The nights get colder  
Come a little closer  
You feel so good  
You make me feel so good

You're free like the ocean  
You're deep like the sea  
You're wild like a river  
You feel so good  
You make me feel so good

It's like a fantasy  
I thought it'd never be  
I counted 1 2 3  
But you held on to me  
Like you're a natural  
I never saw you try  
And when my world falls down  
You always make it right

I feel like I'm a part of something  
That's gonna last for the rest of my life  
I'm coming out of the darkness running  
I'm stumbling into the light

You're free like the ocean  
You're deep like the sea  
You're wild like a river  
Running through me

She said  
Hold me closer  
The nights get colder  
Come a little closer  
You feel so good

You make me feel so good

You're free like the ocean  
You're deep like the sea  
You're wild like a river  
You feel so good  
You make me feel so good

Free like the ocean  
Deep like the sea  
Wild like a river

You feel so good  
You make me feel so good

You feel so good  
You make me feel so good

You feel so good  
You make me feel so good
