

My Child

Rea Garvey

If i was to tell my child
Tell her what I think is right
Where do I start with her?
Where will I find the words?

And in the end
I'll trust in you
To see me through
And until then
You'll have to trust in me
To do the same for you

Maybe these words
Are like nothing you've heard
But hear me out
Please hear me out
You have all that you need
Please believe
You can trust in me (2x)

That in the end
I'll trust in you
To see me through
And until then
You'll have to trust in me
To do the same for you

So what do you say?
If one of these day
I'll be following you (2x)

Because in the end
I'll trust in you
To see me through
And until then
You'll have to trust in me
To do the same for you

Yeah in the end
I'll trust in you
To see me through
And this trust in me is the same trust in me that trusts you
