

# War

Rea Garvey

We're in a world of war in a house of pain  
You did it before and you can do it again  
Price the life what's a world in gold  
Keeping your heart cause you can never now  
Revolution in a modern world  
Revolution such an ugly world  
News, flashes I make believe  
News cast to serve your grief  
I'm not a victim, I'm a public defender  
I'm addicted, I'm a can surrender  
Hang cup to the social screen  
I see the blood and I can hear the screams

They're inside the wire  
They're outside their walls  
They breaching the borders  
All defensives are fall  
They're inside the wire  
They're over the walls  
Stand your ground until the last man falls...  
(Oh, oh) No tread in the whole surrender...  
(Oh, oh) No tread in the whole surrender...

Who is victim on the stars are tribes  
Politicians is to blind your sight  
Point the fingers when the house has fall  
Make believe and we believe that all  
Come on enemy ruin the bide  
Take the high gram and form a bide  
Watch joy the prospect news  
Good hope and a killing feels

They're inside the wire  
They're outside their walls  
They breaching the borders  
All defensives are fall  
They're inside the wire  
They're over the walls  
Stand your ground until the last man falls...  
(Oh, oh) No tread in the whole surrender...  
(Oh, oh) No tread in the whole surrender...

Bring the house to fall  
Bring the house to pain  
And we did a big fool  
And now we do it again

They're inside the wire  
They're outside their walls  
They breaching the borders  
All defensives are fall  
They're inside the wire  
They're over the walls  
Stand your ground until the last man falls...  
(Oh, oh) No tread in the whole surrender...  
(Oh, oh) No tread in the whole surrender...

Bring the wall to fall  
Bring the wall to fall  
We are in a world of war
