

# Long Time Coming

Ready For The World

I'm sitting in my room  
And waiting on the phone to ring  
Should I worry  
Should I care  
If you'll call me tonite

I'm jumping in my car  
And going too damn fast for me  
Should I make it  
Will she fake it  
When we do it tonite

It's been a long time coming  
It's been a long time coming for you  
It's been a long time coming  
It's been a long time coming for you

If your mother  
Only knew what I did to you  
Would she hate me  
Would she like me  
When we do it tonite

In the morning  
When I rise  
Will I see your face  
Will I be wrong, if I stay long  
So we can do it tonite

It's been a long time coming (baby)  
It's been a long time coming for you  
It's been a long time coming (ohh)  
It's been a long time coming for you

(Ah, ah, ah...)

I used to wake in the middle of the night  
Waiting for the phone to ring  
Now we're busy  
Making history  
Will you do it tonite

It's been a long time coming  
It's been a long time coming for you (yes it has)  
It's been a long time coming, baby  
It's been a long time coming (for you)

If I loved you, If I hold you  
Would you love me tonite (I like it like that)  
Could we be, in love  
So I can love you all night (hold up wait up for a second)

Can I be the one  
Can I love you  
Can we do it all night (yea)  
Let the morning  
Be our witness

Of a long long night

It's been a long time coming  
It's been a long time coming for you  
It's been a long time coming baby  
It's been a long time coming (for you) (yea)

(Ohh, it's been a long time  
A too damn long for me  
Of lovin' can't ya see  
Long time...)
