

# Out Of Town Lover

Ready For The World

You're the only girl around  
that knows how to treat this man  
But you're here from out of town

Beggin you to stay  
Please don't go away  
Cause I wanna love you,  
and hug you, and kiss you everyday

My friends all say i'm silly  
to fall in love with you  
Cause when you go away  
I can't do those things to you.

You see they don't understand, they can't see  
They don't know the things you did to me.

Oh lover  
Get so lonely  
Should I worry then you gone

The first time I kissed your lips  
I said this girls for me  
And everything about you was meant to be  
You see I never had a girl quite like you  
Who takes me up and takes me down  
and then puts me thru

You the only girl around  
that knows how to treat this man  
But your here from out of town  
Beggin you to stay

Please don't go away

Cause I wanna love you,

and hug you, and kiss you everyday

Oh lover
