Get in the car
I've got a song
I have been dying to show you
So good so far
It's been so long
Since I've seen anyone I knew

Riverside Drive
November
I have been reckless lately
Passenger side
We'll be gone till morning light

Interior
Booth in the back
Smoke in the air just hangs still
Maybe we should
Start to head back
Fluorescent lights making me feel ill

Riverside Drive
November
I have been reckless lately
Passenger side
We'll be gone till morning light

Riverside Drive
November
I have been reckless lately
Passenger side
We'll be gone, gone till morning light

Riverside Drive
November
I have been reckless lately
Passenger side
We'll be gone till morning light
