

Spinning

Real Friends

Wide awake, it's 2AM
Contemplating everything
So many nights spent isolating
With all the problems that I'm creating

I'm not letting go, no, I'm not letting go

Can't keep straight
It's too late
To turn off this road
I'm spinning
I'm spinning out of control
It's too late
Can't think straight
Out here on my own
I'm spinning
I'm spinning
I'm spinning
I'm spinning out of control

Wide awake, my mind's still racing
(A dead look lives in my eyes)
Feeling weak, yeah, I'm losing patience
(My mind keeps feeding me lies)
Too many nights spent isolating
With all the problems that I'm creating

I'm not letting go, no, I'm not letting go

Can't keep straight
It's too late
To turn off this road
I'm spinning
I'm spinning out of control
It's too late
Can't think straight
Out here on my own
I'm spinning
I'm spinning
I'm spinning
I'm spinning out of control

Watch me spin
Out of control
Watch me spin
I'm not letting go

Can't keep straight
It's too late
To turn off this road
I'm spinning
I'm spinning out of control
It's too late
Can't think straight
Out here on my own
I'm spinning

Wide awake, it's 2AM
Contemplating everything
So many nights spent isolating
With all the problems that I'm creating

I'm spinning
I'm spinning out of control
