

Dream On

Real Life

What's going on in your head?
You're such a pretty little vacancy, come on
Open it up, let's drink from the cup
We'll all go down in history

Come on (come on)
Come on (come on)
Dream on
Come on (come on)
Come on (come on)
Dream on

Is this science or fiction?
I wanna know, are we high or low?
[?] mesmerized before your eyes
[?] we go, oh-oh-oh-oh

Come on (come on)
Come on (come on)
Dream on
Come on (come on)
Come on (come on)
Dream on

Dream on
Dream on
Dream on

The thrill is gone
But life goes on
Dream on
The thrill is gone
But life goes on
Dream on
The thrill is gone
But life goes on
Dream on
The thrill is gone
But life goes on
Dream on

Come on, come on
Dream on
Come on, come on
Dream on
Come on, come on
Dream on
Come on, come on
Dream on

Don't wanna lose my illusion
I take it out everywhere I go
[?] comes alive before your eyes
Hello, hello, hello-oh-oh-oh

Come on (come on)
Come on (come on)

Dream on
Come on (come on)
Come on (come on)
Dream on

Dream on
