

All the children watch their faces  
Turn away or take their places  
Give me something to believe in  
Can't we start again  
How can I tell them

This is my life these are my dreams  
Tell me what they mean  
This is my heart here are my hands  
I've been waiting for a lifetime

Time goes on but nothing changes  
I can't forget the holy faces  
Give me someone to believe in  
Can't we start again  
How can I tell them

This is my life these are my dreams  
Tell me what they mean  
This is my heart here are my hands  
I've been waiting for a lifetime

This is my life these are my dreams  
Tell me what they mean  
This is my heart here are my hands  
I've been waiting for a lifetime
