

## Sister Sister

Real Life

Sister sister, where are you going to  
Come on and whisper I need the truth  
Do what you do say what you say  
You know I wouldn't want to have it  
Any other way  
Sister sister, where are you going to

Ah ah, sister sister  
I need you come on and whisper  
Ah ah, sister

You are my sweet dream  
And I depend on you  
My still heart beating I'll give to you  
Do what you do say what you say  
I just wouldn't want to have it  
Any other way  
Sister sister, what have I done to you

Ah ah, sister sister  
I need you come on and whisper  
Ah ah, sister sister  
I want you sister

Ah ah, sister sister  
I need you come on and whisper  
Ah ah, sister sister  
I want you sister
