Real Life

It's a virus

It's a virus, that I need  
It's a virus, that I need  
Make me happy, when I want to  
Make me happy, when I breathe

It's a virus  
It's a virus

It's a virus, that I need  
It's a virus, that I need  
Make me happy, when I want to  
Make me happy, when I breathe

It's a virus  
It's a virus  
It's a virus  
It's a virus

It's a virus, that I need  
It's a virus, that I need  
Make me happy, when I want to  
Make me happy, when I breathe

It's a virus...
