Baby, I know  
That it's been hard alone  
I've been callin' your phone  
Here goes, beats right to the tone  
You told me what I should know  
You breakin' our only home

And 'cause I  
Don't wanna waste no more fuckin' time with you  
Don't know how I'm gonna get with you  
Baby, can I ever go fix your heart?

Can you love me again and again and again? (And again)  
Can you love me again and again and again? (And again)

And girl, now you miss me (Miss me)  
'Cause after everything we've been through, you'll never forget  
me  
Now you needin' me (Needin' me)  
But remember that you were the one there who left me  
Broken and empty (Empty)  
Everything dead, how you didn't used to forgive me

Can you love me again and again and again? (And again)  
Can you love me again and again and again? (And again)  
Can you love me again and again and again? (And again)  
Can you love me again and again and again? (And again)

Sorry, I missed your call, but  
You know I'll be here soon  
I was just in the studio and, uh  
Yeah, alright, bye
