

So baby are you coming home
Should I leave alone
You take my heart and break it
All the time

So baby what do I know?

And how should I feel
When you say you love
Somebody else
For a lifetime

When I
Looked right in your eyes
Saw my life flash between mine
'Cause I never felt
This before
This before

You don't have to worry
You don't
I have one question
Baby

Can you be?
Mine
Mine
Mine
Can you be?
Mine
Mine
Mine
Can you be?
Mine
Mine
Can you be?
Mine
Mine
Mine
