

Lost

RealestK

And she notice that I'm losing all my focus
I don't know where I'm going, but I feel safe here
She thinks I don't show all my feelings that I'm showing
And you know I'm on the road and I don't know how to steer

Just take your time when you come tome
I just want more than company
Baby I don't wanna see what you need
If you ain't gonna show me what I really please

Don't think that I am playing, playing with your heart
Know this from the start that I can't really restart
Playing all these games like solitaires
Baby you know that I'm right here

I think I lost my mind
I think you waste my time
Call up right on your phone
But you always press "Decline"
I think I lost my mind
I think I lost my mind
I don't want to waste time
I think lost my mind

And you promised that you'll keep your promises
And I told you that my promises were prominent
And you took advantage of what I just gave
And now I can't seem to think fucking straight

And you think that I'm crazy for wanting your time
Know that you're broken all the feelings inside
I promise if you have me by your side
You won't feel the things that you feel every night

I think I lost my mind
I think you waste my time
Call up right on your phone
But you always press "Decline"
I think I lost my mind
I think I lost my mind
I don't want to waste time
I think I lost my mind
