

Thought Of Me

RealestK

All this pink got me drinking all this liquor
She want money that's the only thing I figured
Thought you had it out for me
I thought you different
Now you calling on my phone and you tripping

Bae I didn't know, I didn't know bae
You can't take my pain away
Said that I lie to your face but you know I didn't
No fuck a lot of you
Never try to be something that I wasn't something baby
Something that I wasn't
Saying nice knowing you, yea nice knowing you
I can hold the door on your fucking way out, way out

So you in love with the thought of me bae
So you in love with the thought of me, thought me
So you in love with the thought of me, yeaaa
So you in love with the thought of me

Listen to your friends every day, every where
I am over here saying "damn fuck it"
I don't know but I don't care I think that pulling on the hair right on the
mattress
Your best friend is my best friend, yea
Sending me her nudes, I am looking at her ass "damn"
Baby that's so blessing yea
So are you in love, tell me well how you take it
Taking this dress behind my back
Are you stupid bae
How much drugs did you really take
I saw you right at his place
Now I'm over here with your best friend

Best friend, best friend, best friend, best friend, best friend
Looking looking looking
Bad bitch bad bitch bad bitch
Your best friend, best friend, best friend, best friend
I am looking looking looking

So you in love with the thought of me bae
So you in love with the thought of me, thought me
So you in love with the thought of me, yeaaa
You in love with the thought of me

All I'm trying to say I was your biggest fucking that you made
Cuz you left me out, didn't hear me out
Fucking all these girls they are going to scream it out, my name
All I'm trying to say that bitch going to be up in my bedroom and wait
That bitch going
I don't need to say the rest, you can come try me
