Toxic

RealestK

Yeah

Baby, tryna look me in my eyes
Tell me everything that I said twice
Baby, tell me why are you lying?
Everything you said, now why are you crying?
Baby, move slower (Slower)
I've been fuckin' on your shit, yeah, since October (Since Octo
ber)
Don't try to go and ask me if I know her
'Cause I don't, girl, yeah, I don't, uh-uh

And I'm moving quiet
Tell me why the fuck they cryin'?
Baby, I don't know why they silent
(Your love is, your love is)

Your love is toxic
Your love is toxic
Your love is toxic
Your love is, your love is
Your love is toxic

And you know
Everything that I don't wanna know
I've been tryna call up on your phone
That shit always beeps into the tone

And baby, take my hand
And baby, trust me again
I'm sorry that I can't
And trust any, any one of your friends
And your friends wanna be my friends
And baby, why don't you understand
That I hate watchin' what your friends do
'Cause none of your friends are just like you? Oh-whoa

Your love is, your love is
Your love is toxic
Your love is, your love is
Your love is toxic
Your love is toxic
Your love is toxic
Your love is, your love is
Your love is toxic
