

Youself

RealestK

I'm takin' shoots, takin' many
I'm takin' many things
To forget the pain
You put me through
I'm takin' shots, I'm drivin'
I'm drivin' to the edge
Until she comin' back
'Cause she forgot what she said

Now take care
Take care of yourself
Take care of yourself
Take care of yourself
Now take care
Take care of yourself
Girl, just take care of yourself
Take care of yourself

I tried to bring the peace
I tried to keep it straight
You always waitin'
But you so impatient
Why'd you have to play with me?
It's a shame to see
What you said you wouldn't be, look who became

Now take care
Take care of yourself
Take care of yourself
Take care of yourself
Now take care (Take care of yourself)
Take care of yourself
Girl, just take care of yourself (Woah, oh, woah, oh)
Take care of yourself

'Cause you're not with me
Woah, oh, oh-oh
I'm done
Woah, oh, oh-oh, oh-oh, oh, oh-oh
Take care of yourself
Take care of yourself
