

For Lack Of A Better Word

Reality Club

Strolling down in Mississippi
Or was it the one in Jakarta?
Wake up just to say you miss me
This is something I wanna be a part of

And then it comes like a toothache
Your heart starts racing while your mind flakes
I can't suffice this feeling dear

And this simple kind of feeling
Can't explain, it has me reeling
On the surface it's a bore
Skipping through you'll find nothing more

And then it comes like a toothache
Your heart starts racing while your mind flakes
I can't suffice this feeling, dear

For lack of a better word
For lack of a better word
I say that I love you but know it's not completely true
For lack of a better word
For lack of a better word
I say that I love you but know it's not completely true

And then it comes like a toothache
Your heart starts racing while your mind flakes
I can't suffice this feeling, dear

For lack of a better word
For lack of a better word
I say that I love you but know it's not completely true
For lack of a better word
For lack of a better word
I say that I love you but know it's not completely true
(I'm more than in love with you)

For lack of a better word (more than I meant to)
For lack of a better word (it's not enough to)
I say that I love you but know it's not completely true (ooh oo
h)
For lack of a better word (more than I meant to)
For lack of a better word (it's not enough to)
I say that I love you but know it's not completely true
(I'm more than in love with you)
