

Personal Hell

Really Red

I built my own personal hell
By ideas I put in my brain
I built my own personal hell
It's not bricks it's not chains
I built my own personal hell
By the ideas I entertain
I built my own personal hell
It's my puzzle it's my game

Personal! Null!

I limit myself by my closed mind
I think I'm so rad but I'm so often blind
I limit myself by my weak will
To do anything that I feel
No regrets for where I've been
Just curiosity about what I might have seen!

Personal!! Null!!
