**Bm** **G** **F#**  
She holds the cold she feels so fooled by all this pain she has revealed

**Bm** **G** **F#**  
She hopes she cries she holds inside all these things that make her real

**Bm** **A** **G**  
I feel that she woke up feel she's had enough

**D** **F#**  
Feel it's time she opened up her eyes

**Bm** **A** **G**  
I feel that she woke up feel she's had enough

**D** **F#** **Bm** **A** **G** **D**  
Feel it's time she opened up her eyes

put your hands on me put your hands on I need to feel your touch

Put your hands on me, **F#**  
put your hands on me put your hands on I need to feel your touch
