

## Churchill Downs Freestyle

REASON

Yeah

The blood on the pavement creating Scarlett roads  
Stories of my hardest flows  
Circle's full of envy and broke niggas  
Glad to say I'm no longer a part of those  
Niggas buy designer while the mother of their child will struggle to buy their daughter clothes  
We ain't cut from the same fabric  
They see what I'm sayin' like I'm rappin' closed caption  
The niggas livin' with me be the ones that'll hold the casket, real  
REAS' general  
Nniggas 'round me resources, all my men minerals  
Put my foot down, shit turned around, I call tha pivotal  
Clout chasing pitiful  
This whole generation riding genitals  
Nigga we been ducked off watchin', I been hard to impress  
I been locked in, drinkin' water, partying less  
That hunger bubbled back heavy, I been starving with less  
Sit back and collect checks, we used to callin collect  
Look, back against the wall, that ain't the only thing I'm up against  
Steady losing brotherhood  
Steady fighting traumas from the karma of my father, ghetto ways that he stuck me with  
All these hunger pains I been stomaching  
Pockets knotted up, I make a lot off of these city ties  
Less mood swings since I stopped fuckin' with Gemenis  
Spot the value in a person, I can see the gem in eyes  
Pain in a sinner's eyes  
Minutes steady minimized  
How I build a enterprise but I couldn't work at enterprise?
