Sun Rays

REASON

Won't lie, won't lie
The sun, let the sun rise on my skin
Won't lie, the sunrisin'

Uh, I could see that
And I could read that
And if you need that, I feel like I could be that, uh
I could help you relapse or I could be your rematch
With yourself, maybe help with your health
See the wealth and achieve that, uh
But fuck it, you don't need that, ha
Girl, you so independent
See you steadily compare yourself with other women
They got a man and you don't, what's the difference?
I'll tell you later but for now, sit back and enjoy this weed
'Cause my employment is the answer and get you lifted like toilet seats

Just inhale me deeply and slowly
And as you're thinking, it's rolling
You'll feel like you get to know me
They say it's bad to get lifted but this a lifted that's holy
Just pop a molly, start swepting and feel your soul get so soaring
Right?

Seems like I haven't felt this way in so long (So long)
So do I really have to let go, oh, oh?
I miss all the fun days (Fun days)
And my only therapy is sun rays (Sun rays)
I just love it when, I just love it when
The sunlight's on my skin
I miss all the fun days
And my only therapy is sun rays

Look baby, I could see that, uh
And I could read that
You're goin' through a relapse, uh
And you just need to leave that
It'll help you relax
It's a curse, make it worse, you should peep that
Your fam looks and it hurts to see that
And you're losin' this rematch, uh
'Cause girl, you don't need that, ha?
Baby, you so independent
I see you steadily competin' with these other women
Don't do what they do, shine baby, you should glisten
You a star, baby girl
I know you caught up in that raw crazy world
But the poison that you taking\' could 'cause you to stir
Down a path of sickness and you ain't got a cure, ah?

Listen as I speak deeply and slowly
Just speak to God and get holy
And feel his presence get rolling
All through your body, the sickness
Is leaving you, now you're soaring
I know you usually get lifted but this a lifted that's holy
Right?

Seems like I haven't felt this way in so long
So do I really have to let go, oh, oh?
I miss all the fun days
And my only therapy is sun rays
I just love it when, I just love it when

Won't lie, won't lie
The sun, let the sun rise on my skin
Won't lie, the sunrisin'

Seems like I haven't felt this way in so long
So do I really have to let go, let it go?
Let go
I miss all the fun days, all the fun days
And my only therapy is sun rays
My only therapy is sun rays
