

# Peace And Love On The Planet Earth

Rebecca Sugar

Do-re-mi-fa-so-la-ti-do

Do-mi-so-do

Isn't it pretty?

That's exceedingly simple  
Do-mi-so-ti

We're making music

What is the point?  
You're not making anything

Well, if it isn't anything then why does it sound so good?

I suppose it's just interest  
Do-mi-so-do  
Devoid of substance or purpose, a hypothetical pattern...  
Do-mi-so-ti  
For the satisfaction of bringing it to completion

Sure

Do-mi-so-ti  
Interest without meaning  
Solutions without problems

And then you just add words  
Here's one I've been working on  
Life and death and love and birth  
And peace and war on the planet Earth  
Is there anything that's worth  
More than peace and love on the planet Earth  
Whoa, come on and sing it with me

Sing?

The words relate to the key

Key?

If it's a pattern, if it's a pattern  
Then just repeat after me  
Life and death and love and birth

Life and death and love and birth

Now you sing mi-fa-mi-mi-fa-mi-ti-la

And peace and war on the planet Earth

Yes yes! That's it!

That's so easy

Yeah, but that's what fun about it

You should write something, you should write a song!

About what?

Whatever you're thinking

I guess we're already here  
I guess we already know  
We've all got something to fear  
We've all got nowhere to go  
I think you're all insane!  
But I guess I am too  
Anybody would be  
If they were stuck on Earth with you!

Hehehehe, yes!  
Life and death and love and birth and

Life and death and love and birth and

Life and death and love and birth and  
Peace and war on the planet Earth

Is there anything that's worth more

Is there anything that's worth more

Is there anything that's worth more  
Than peace and love on the planet Earth
