

I can write it on paper
It won't be easy
My hands are shaking
The meaning's floating away
Who's to rely on
Few and far between
You are showing to me
Simplifying for me
Bringing back to me

Few and far between
Show it to me
Simplify it to me
Bring it back to me
One embrace

I'm returning with love
Nothing's hidden from me
For one second I'm whole
For one second I'm full
