

I Hate That Guy

Reckless Kelly

You better not tell me you've been out with that guy
You better not tell me you changed your mind after all
Better not find out he got a piece of the pie
And if he did baby I hope you had a ball

Don't do me like the one before did
All the dirty little secrets she kept hid
Don't do me like the one before did
Don't make me cry

'Cause I hate that guy
I hate that guy
I hate that guy
I hate that guy

I know he still wants you you're so naïve
I know you can't see it but he's trying to take you away
How far will you have to go before you believe
I knew when I met you you'd find another someday

Don't do me like the one before girl
Gave me love and then she promised the whole world
Don't do me like the one before girl
Don't say goodbye

'Cause I hate that guy
I hate that guy
I hate that guy
I hate that guy

Better not say you've been runnin' with that guy
I better not find out that I'm really the fool
Better not tell me that you've been out with that guy
'Cause I'm sick of your lying and I'm tired of playing it cool

Don't do me like the one before did
All the dirty little secrets she kept hid
Don't do me like that one before girl
Gave me love and then she promised the whole world
Don't do me like the one before girl
Don't say goodbye

'Cause I hate that guy
I hate that guy
I hate that guy
I hate that guy
I hate that guy
I hate that guy
